EF FACET Discretionary Portfolios

Authorised Corporate Director's ("ACD") Report

We are pleased to present the Interim Report & Unaudited Financial Statements for EF FACET Discretionary Portfolios for the six months ended 30 November 2025.

Authorised Status

EF FACET Discretionary Portfolios ("the Company") is an open-ended investment company with variable capital ("ICVC") incorporated in England and Wales under registered number IC000836 and authorised by the Financial Conduct Authority ("FCA"), with effect from 9 August 2010. The Company has an unlimited duration.

Shareholders are not liable for the debts of the Company.

Head Office: the Head Office of the Company is at Cedar House, 3 Cedar Park, Cobham Road, Wimborne, Dorset BH21 7SB.

The Head Office is the address of the place in the UK for service on the Company of notices or other documents required or authorised to be served on it.

Structure of the Company

The Company is structured as an umbrella company, in that different Funds may be established from time to time by the ACD with the approval of the FCA. On the introduction of any new Fund or Share Class, a revised prospectus will be prepared setting out the relevant details of each Fund or Share Class.

The Company is a Non-UCITS Retail Scheme ("NURS").

The assets of each Fund will be treated as separate from those of every other Fund and will be invested in accordance with the Investment Objective and Investment Policy applicable to that Fund. Investment of the assets of each of the Funds must comply with the FCA's Collective Investment Schemes Sourcebook ("COLL"), the FCA's Investment Funds Sourcebook ("FUND") and the Investment Objective and Policy of each of the relevant Funds.

Currently the Company has two Funds which are both in the process of termination.

Under the Alternative Investment Fund Managers Directive ("AIFMD") we are required to disclose remuneration information (see page 22) in regards to those individuals whose actions have a material impact on the risk profile of the Company.

Crossholdings

There were no Shares in any Fund held by any other Fund of the Company.

Important events during the period

Below is an update on the value of the assets held in the terminating funds.

- ECOVISTA PLC - The situation remains unchanged since the last audited report. Therefore, Ecovista continues to be valued at zero by WFM's Fair Value Pricing Committee.
- QUCPPA 8 07/14/25 Corp (Queros Capital) - The situation remains unchanged since the last audited report. Therefore, Queros Capital continues to be valued at zero by WFM's Fair Value Pricing Committee.

Authorised Corporate Director's ("ACD") Report (continued)

Redress Scheme

The ACD has agreed a Redress Scheme (the "Scheme"), whereby a number of investors in the Funds will be offered redress relating to the Fund's investments made in certain assets between 2016 and 2018 which subsequently became illiquid. Affected investors will be contacted in due course.

Termination of Funds

The ACD continues to strive to complete the termination of the Funds at the earliest possible opportunity but is unable to provide a timeline as it will be dependent on the availability of suitable offers for the remaining assets, in order to realise an acceptable level of capital in the best interests of all investors.

Further distributions of capital will be made should sufficient funds become available.

Going Concern Assessment

EF FACET Discretionary Portfolios is in the process of termination, and as such the ACD's Directors are of the opinion that these Financial Statements be prepared on a basis other than that of a going concern.

Base Currency

The base currency of the Company is Pounds Sterling.

Share Capital

The minimum Share Capital of the Company is £1 and the maximum is £100,000,000,000. Shares in the Company have no par value. The Share Capital of the Company at all times equals the sum of the Net Asset Values of each of the Funds.

Notes to the Financial Statements

For the six months ended 30 November 2025 (unaudited)

Accounting Basis, Policies and Valuation of Investments

Basis of accounting

The interim Financial Statements have been prepared under the historical cost basis, as modified by the revaluation of investments and in accordance with FRS 102 "The Financial Reporting Standards Applicable in the UK and Republic of Ireland", the Statement of Recommended Practice ("SORP") for Financial Statements of UK Authorised Funds issued by the Investment Association in May 2014, Open-Ended Investment Companies Regulations 2001 ("the OEIC Regulations"), the FCA's Collective Investment Schemes Sourcebook ("COLL"), the FCA's Investment Funds Sourcebook ("FUND") and the Fund's Instrument of Incorporation.

The accounting policies applied are consistent with those of the annual Financial Statements for the year ended 31 May 2025 and are described in those Financial Statements. In this regard, comparative figures from previous periods are prepared to the same standards as the current period, unless otherwise stated.

As described in the Certification of Financial Statements by Directors of the ACD on page 5, the ACD has commenced the process of terminating the sub-funds following which the Company will be wound up. Accordingly the ACD does not consider the Company to be a going concern and has prepared the Financial Statements on a basis other than that of a going concern. There were no material effects as a result of the Financial Statements being prepared on a basis other than going concern.

Basis of valuation of investments

Collective Investment Schemes are valued at quoted bid prices for dual priced funds and at quoted prices for single priced funds, on the last business day of the accounting period.

All investments are recognised and derecognised on trade date, and any trades that occur between valuation point and close of business are included in the Financial Statements.

Non-observable entity specific data is only used where relevant observable market data is not available. Typically this category will include single broker-priced instruments, suspended/unquoted securities, private equity, unlisted close-ended funds and open-ended funds with restrictions on redemption rights.

A fair value has been applied to the remaining assets. However, there can be no guarantee that the fair price will be the price at which these assets will ultimately be realised.

The EF FACET Discretionary Portfolios include illiquid assets, which do not have an observable value and therefore subject to the reasonable endeavours of WAY Fund Manager's ("WFM") to strike a fair value price for the asset. When making a fair value pricing decision WFM will take the best interest of the investor into consideration and may include, but would not be limited to:

- Any publicly available information regarding the entities;
- Publication of financial statements, audited or unaudited;
- Non-receipt of a scheduled coupon (i.e. payment of interest).
- External Valuers recommendations.

General Information (continued)

Significant Information

Under the Alternative Investment Fund Managers Directive ("AIFMD"), acting as the Alternative Investment Fund Manager ("AIFM"), WAY Fund Managers Limited is required to disclose how those whose actions have a material impact on the Funds are remunerated.

The remuneration strategy across WAY Fund Managers Limited is governed by the WAY Fund Managers Limited Board and WAY Fund Managers Limited has chosen not to establish a Remuneration Committee. The WAY Fund Managers Limited Board has established a Remuneration Policy designed to ensure the AIFM Remuneration Code in the UK Financial Conduct Authority's handbook is met proportionately for all AIFM Remuneration Code Staff.

WAY Fund Managers Limited considers its activities as non complex due to the fact that regulation limits the AIF strategies conducted and the scope of investment in such a way that investor risk is mitigated. The discretion of WAY Fund Managers Limited and the portfolio manager is strictly controlled within certain pre-defined parameters as determined in the prospectus of each Alternative Investment Fund.

In its role as an AIFM, WAY Fund Managers Limited deems itself as lower risk due to the nature of the activities it conducts. WAY Fund Managers Limited does not pay any form of variable remuneration currently. Therefore WAY Fund Managers Limited has provided a basic overview of how staff whose actions have a material impact on the Funds are remunerated.

The only material change to the adopted remuneration policy, since the previous year end, is the identification of new risk takers and inclusion of delegates required by the AIFMD.

November 25	Number of Beneficiaries	Total remuneration paid (GBP)	Fixed remuneration (GBP)	Variable remuneration paid (GBP)	Carried interest paid by the AIF (GBP)
Total remuneration paid by WFM during the financial year	15	630,942	630,942	0	0
Remuneration paid to employees of WFM who have a material impact on the risk profile of the AIF	5	0	0	0	0

Due to the size and structure of WAY Fund Managers Limited, it is determined that employees of the AIFM who have a material impact on the risk profile of the AIF include the Board, Head of Finance and Head of Risk and Compliance.

The delegated investment manager is subject to regulatory requirements on remuneration that WAY Fund Managers Limited deem to be equally as effective as those detailed in the AIFMD, which would include the Capital Requirements Directive or Markets in Financial Instruments Directive.
