EF New Horizon Balanced Income and Growth Fund, a sub fund of EF New Horizon Fund

Class A Income Shares (ISIN GB00B0ZRK169)

The Fund is managed by WAY Fund Managers Limited

Investment Objective and Investment Policy

Objective:
The aim of the Fund is to achieve medium to long-term growth in both income and capital. The Fund will invest in a diversified portfolio of collective investment schemes, investment trusts, other transferable securities, cash or near cash, deposits, money market instruments and derivatives.

Policy:
Subject to the requirements of the Regulations, the portfolio will normally remain fully invested. There will, however, be no restrictions on the underlying content of the investments held, in terms of investment type, geographical or economic sector, meaning that the Investment Manager has the absolute discretion to weight the portfolio towards any investment type or sector, including cash, at any time.

Unregulated collective investment schemes may be used up to the full extent permitted by the Regulations.

The Investment Manager reserves the right (in accordance with the regulations) to hold cash in the pursuit of the investment objective and dependent on the short term opportunities available to them this may be up to 20%.

The portfolio will be actively managed. The Fund may invest in derivatives for investment purposes as well as for efficient portfolio management purposes (typically hedging, which attempts to mitigate against falls in the value of the Fund's assets and the effects of changes in currency exchange rates against the Fund's base currency, which is Pounds Sterling).

It is not intended that the use of derivatives in this way will change the risk profile of the Fund. Borrowing will be permitted under the terms of the Regulations.

Subject to the above, the Fund may invest in any asset class and adopt any investment technique or strategy permitted under the rules in COLL as such rules are applied to Non-UCITS retail schemes.

Benchmark:
The appropriate comparator benchmark against which the performance of the Fund can be measured is the Investment Association IA Mixed Investment 20-60% Shares sector.

Other information:

- Investment in the Fund should be regarded as long-term, which is at least five years.
- There can be no guarantee that the objective of the Fund will be achieved.
- On encashment, particularly in the short-term, you may receive less than the original amount invested.
- In relation to share classes where there is an Entry Charge (see overleaf), the charge is deducted from your investment at the outset. Therefore, an equivalent rise in the value of shares is required before the original investment can be recovered. Various other charges accrue daily.
- The Authorised Corporate Director (ACD) carries out investors' requests, to buy, sell or switch, at 12:00 hours (UK time) on each business day (which excludes public holidays in England and Wales). If the ACD receives a request after 12:00 hours (UK time), the ACD will deal with it on the next business day.
- As you hold income shares, income that is available from the Fund is paid out to you twice a year.

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.
- The risk and reward category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean 'risk free'.
- The indicator is not a measure of the risk that you may lose the amount you have invested.
- The Fund is ranked as a "4" on the scale. This is because the Fund by its nature invests in a mixture of investments. The value of some of these investments may vary more widely than others. Please note that even the lowest risk class can lose you money and that extreme market circumstances can mean you suffer severe losses in all cases.
- The indicator above does not take account of the following risks of investing in the Fund:
 - The Fund invests indirectly in some overseas markets which carry a higher than average risk of investment and the Fund may have problems or delays in getting its investments back.
 - Investments may be made in assets denominated in various currencies and the movements of exchange rates may have an effect, unfavourable as well as favourable, on the gains and losses otherwise experienced on such investments.
 - There is a credit risk, where the counterparty to a deal may default on repayment or not deliver its side of the deal. The Fund aims to minimise concentrations of credit risk by undertaking transactions with a large number of counterparties on recognised and reputable exchanges. The Fund will only buy and sell equity investments through brokers which have been approved as an acceptable counterparty.

- The Fund is classed as a Non-UCITS Retail Scheme (NURS) and can have wider investment and borrowing powers than a UCITS scheme with higher investment limits in various areas. It can also invest to a greater extent in areas such as property and unregulated schemes and have the option to borrow on a permanent basis. Such additional powers can increase potential reward, but may also increase risk.
- Derivative instruments may be used in the Fund for the purposes of investment and efficient portfolio management (EPM). Where the Fund invests in derivatives and forward transactions in the pursuit of the Fund's objective, the net asset value of the Fund may at times be volatile (in the absence of compensating investment techniques). However, it is the ACD's intention that the Fund will not have volatility over and above the general market volatility of the markets of its underlying investments and that the use of derivatives and forward transactions in the pursuit of the objective will not cause the risk profile to change.
- For full details of the Fund's risks please see Section 5 of the Fund's Prospectus, which is available from WAY Fund Managers Limited, Cedar House, 3 Cedar Park, Cobham Road, Wimborne, Dorset, BH21 7SB or, during normal business hours on 01202 855856, or via www.wayfunds.com.

Charges for this Fund

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest.

Entry charge	5.00%
Exit charge	0.00%
This is the maximum that might be taken out of your money before it is invested (Entry charge) or before the proceeds of your investment are paid out (Exit charge).	
Charges taken from the fund over a year	
Ongoing charge	2.25%
Charges taken from the fund under certain specific conditions

The entry and exit charges shown are maximum figures. In some cases (including when switching to other funds) you might pay less - you can find out actual entry and exit charges from your financial adviser.

The ongoing charges figure is based on expenses for the period ending 31 May 2025 and may vary from year to year. The ongoing charges figure includes any portfolio transaction costs which the Fund pays to its service providers (e.g. to the Fund's custodian) and any entry/exit charges the Fund pays when buying/selling units in another fund. In general, however, the figure excludes other portfolio transaction costs. The ongoing charges are taken from income (with the exception of 50% of the ACD's annual management charge which is deducted from capital). Should income levels be insufficient, investments in the Fund may be sold to cover the Fund's expenses, its capital assets may be used to meet ongoing charges and the value of your units would be reduced.

For more information about charges please see Section 7 of the Fund's Prospectus, which is available from the Manager at WAY Fund Managers Limited, Cedar House, 3 Cedar Park, Cobham Road, Wimborne, Dorset BH21 7SB or, during normal business hours on 01202 855856. The Ongoing charge shown above does not include an amount relating to the cost of investing in closed-ended vehicles, such as investment trusts (where a fund holds such assets), which are typically fund-style assets listed and dealt on an investment exchange (e.g. the London Stock Exchange). These costs are, however, shown separately on the 'Fund Charges and Costs' document to be found on our website at www.wayfunds.com, under 'Important Information'.
